First Name,

1,700.

That's the number of colleges and universities who have walked in your shoes.

1,700 schools have already taken the step to a quicker, more cost-effective platform that automates on-demand videos for lectures, micro learning and campus events.

But there is only one you.

Although we've done this over 1,700 times, we want to make sure it's right just for you.

Once we make the perfect match with someone from our team, you'll get a call to set up a demo. They'll walk you through our platform step-by-step to show you how it can meet your organization's unique needs.

Not a phone person? No problem.

They'll follow up with an email to schedule a time that works best for you.

Can't wait? Give us a call at 877.783.7987.

We're excited to meet you!
